

How Can I Buy WLL Initial Coin Offering (ICO)?

To buy into WLL ICO, there are several ways

You can buy WLL coin by either

- 1- Using Cash (termed as FIAT Currency)
- 2- By paying with your existing BTC (Bitcoin), ETH (Ethereum) or (XRP) Ripple to WLL coin based on the market exchange rate.

What you will need to do is:

Open a myether wallet

Do a whitelist on WLL coin landing page

Do KYC

Have your funds ready, pay & purchase

Check your token balance in your wallet

Step 1: Open a MyEtherWallet, (click the links and it will take you there)

You'll need a cryptocurrency wallet (to receive & store your WLL coin)

We recommend [MyEtherWallet](#) (or a full [Ethereum Wallet](#)). This is because our WLL token based ERC-20 protocol built on [the Ethereum Blockchain](#) and [MyEtherWallet](#) an “[ERC-20](#) token friendly wallet” and it is a proven & safe Wallet

Wallet setup: Get your wallet set up so that once the sale starts you just need to do the payment/ transfer.

TIP: Specifically, for Ethereum-based ICOs, you'll need an “[ERC-20](#) token friendly wallet” (meaning a wallet that can hold the type of tokens you'll be using). This means you can use MyEtherWallet or Ethereum Wallet. Do not use Coinbase's or direct exchange wallet to receive your WLL token. Coinbase and Exchange wallet isn't ERC-20 friendly, meaning it can hold Ether, but not Ethereum-based tokens.

Step 2: Whitelist yourself on <https://www.WLLcoin.io>

Whitelisting is like the registration you do on e-commerce websites for mobile sales, you are registering yourself with WLLcoin and expressing your interest to participate in the ICO, WLLcoin will send you related information regarding the ICO and update you with their progress, bonus options, whitepaper etc. for your understanding

Step 3: Complete the KYC process

KYC is a process simply defined as Know Your Customer, as a token holder of WLLcoin, we need to know the customer details and it is a mandatory feature. Doing a proper KYC will save you a lot of hassles in the future when it comes to declaring your investments, transferring your assets to your next of kin or paying taxes on your profits etc. it is merely a process of uploading required details such as passport/ID copy, picture of yourself, a verified address with utility bill copy etc. before the actual sale and purchase of any tokens in the crypto world

Step 4: Have your funds ready, pay and purchase

A. If Paying by Fiat Currency (Cash) in USD/Equivalent amount.

Step 1 – Login to WLL investor portal (If you don't have login id and password please register yourself)

Step 2 – Copy and Paste your ERC-20 Compatible wallet address in Investor portal where you want to receive your WLL tokens

Use your bank account (to wire transfer the payment to Digitrust Corporation (the parent company of WLL coin) to the following bank accounts:

	Country	Bank Name	Account Number	Swift Code	Address
1	Singapore	United Oriental Bank			
2	Malaysia	Maybank Berhad			

After banking in - Send the confirmation slip to payment@WLLcoin.io

Soon after receiving and verifying your payment, WLL coin Will credit the tokens to your [MyEtherWallet](#) or any ERC-20 compatible wallet that you have provided

B. If you are buying with BTC/ETH/XRP

Step 1 –Login to WLL investor portal (If you don't have login id and password please register yourself)

Step 2 – Choose the payment method (BTC / ETH / XRP) Copy our wallet address provided on screen.

Step 3–Transfer BTC / ETH / XRP to our wallet and complete the process.

Step 4 – Copy and Paste your ERC-20 Compactible wallet address in Investor portal where you want to receive your WLL tokens

Soon after receiving and verifying your payment, WLL coin Will credit the tokens to your [MyEtherWallet](#) or any ERC-20 compactible wallet that you have provided

Step 5: Check your balance on your wallet

Check your ERC – 20 compactible wallet for WLL coin tokens, at times the token credit will be immediate and at times it may take up to 3 to 6 working days, subject to system capabilities and approval process. So don't panic. If you did not receive your WLL coin after 6 working days, please contact our administrators via tokensupport@Wllcoin.io

Welcome aboard WLL family. May we reap our success together and grow in strength.
